KING OF LOW PRICES

### Have Many Times Thought

How enormous our trade would be, providing all the people really knew what an up-to-date stock we carry--and how very cheap we sell them.

### CLOSING OUT?

Not at all; but we will give you much better prices than any concern that advertises "at cost." June is the month of "BRIDES and BARGAINS," but what we want to talk about is Baker's Bargains.

### SAMPLE SHOES.

Our great sale of mens and ladies' sample shoes still continues. Prices at least 25 per cent. less than Manufacturer's cost.

### Men's Sample Hats.

We have to offer men's \$1.25, \$1.50 and \$1.75 hats at the astonishingly low price of 35-cents each. Don't miss this great sale, you may never see anything like it again.

### Sample Clothing.

200 boys and 200 men's suits at less than cost to make. We bought these suits at a large sample sale and can positively sell you clothing at about one-half the regular price. Men's suits start as low as \$2. Boys' suits as low as 75c.

### Best Calicoes.

3,000 yards of Allen's best calicoes and percales--while they last at 4-cents a yard. Full bolts, new patterns and up-to-date calicoes. We hope our lady customers will come early and take advantage of this heretofore unheard of price.

### Summer Dress Goods.

We will offer all the new things in summer Dress goods at about one-half the regular price. These goods, of course, have to be seen to be appreciated.

If we used all the space in this paper we could not begin to tell you all the bargains we have to offer. Come early and get choice selections.

Best calico at 4-cents a yard. What do you think of it?

### HOT SPRING, N. C.

We are taught never to get weary in well-doing that the crown is to the faithful, that perseverance will insure success and many similar lessons of stick-to-it-iveness, and I'm sticking like a leech, tho' I'm not on a bed of roses by any means, for they feed me on dry food, make me drink gallons of water without thirst, dose me with physic with an awful name--Drs do have some names that give us a nightbos when thought of even in sleep--then Judge Morrow and I are trying to leave off tobacco, and this by itself will destroy the happiness of any man, then an appetite calling for beans, taters, maters, ham, beef, &c. &c. but we get none of them, but what little that is left of me is full of hope, and I promise myself that when I get to Fetsy's house we'll have a feast of the fat of earth; a thousand flies levy tribute on me, and some of the nights make me feel like I were in bath, while others would chill a frog, then comes in the little Jap for his share--and no little thing when he plays his roll. His mounds on him six times a day he brays like Ott Brown's mule, but he never surrenders. Ah! sir! Russia had as well to try to drink dry the Baltic sea as to try to whip that people, nothing but extermination will conquer them.

Then it rains and pours once, twice or oftener in 24 hours and lightnings flash and thunders roar, and the republicans control the whole county and would run the political machine of the State if they could. These are a few of the unpleasant things we meet in the west end of the old "Tarheel State." I think of going to Kentucky in two weeks if sufficiently improved; no, I'm not home-sick, but it is very natural for us to love home and desire to be there and--well, well.--Let down the curtain for all that a man hath would be given for health; though but one thing is necessary and many choose wisely. So let us strive to do like wise.

I will say to my S. S. H. friend that I arrived here with an impaired memory and a befuddled brain and am not able to enlighten him as no doubt he deserves, and being no musician I am not competent, even if my head was right, though I will run off a few facts as recorded and some of my opinions as regards the origin of that wonderful science called music.

We have no doubt that Adam both sang and whistled; sang to Cain and Able of sleepless nights when their little stomachs hurt 'em, whistled when he went to drive up old Brindle to the milk gap, learned one note in high tenor from the lark, and one in low base from the bullfrog, and the little boys grew and waxed fat and they soon made fies of Mother Eve's goose quills, flutes of willow bark and bugles of the stem of the pumpkin leaf, and they blew on these single-noted instruments while the parents sang. Then it came to pass that Tu'al Cain the 9th from Adam, manufactured the harp, the cymbal and lots of other instruments in his shop and in that like it is in everything else, necessity is the mother of invention. So tunes multiplied, musicians grew and to harp, cymbal and trumpet, were added the viol, organ, psaltery, sackbut and various others.

We soon hear moans and his sisters singing the song of deliverance as they march in front of Israel in the wilderness, but the most prominent of ancient times in both vocal and instrumental music was David, the sweet singer of Israel. He was also a poet of the highest order, and he not only sang praises, but prayers, supplications and thanksgivings, to God, and taught the Jews to not only sing, but to praise the Lord on the harp, viol, organ and all kinds of instruments, but alas, a lot of Campbellites annihilated the last part and leave the organ and piano at home or make them hold their peace in church. The apostles taught the early disciples to sing Psalms, hymns and spiritual songs with the spirit and understanding, making melody in their hearts to the Lord, and those who sing now must do likewise. To sing with "the spirit" means to feel and to realize fully in the heart the sentiment set forth, and "the understanding," doesn't simply mean to know how to sing according to Hoyle or Gunter, but you must know the full meaning of the language, and thoughts conveyed, or intended to be conveyed, and pour out the whole soul in glorious melody to God, otherwise I fear your singing will not be what they should be. Sav, do you have any of the unconverted in your classes? If so is this right?

It might be noted right now that Russia is making good her promise to the powers to retire from Manchuria.

### LIVINGSTON

Carter, Sr., died Saturday morning, July 22nd, of paralysis, aged about 78 years. Mr. Carter was born in Sumpter county, Tennessee. He had made his home for the last six years with his son, John R. Carter and family, of this place. He had been a member of the Baptist Church for thirty-five years. Grand Pa Carter was a grand old man and will be greatly missed in his home circle. He leaves two sons, Wm. Carter, of Nashville, Tenn., and John R. Carter, Jr., of this place. The remains were taken to Nashville for burial, accompanied by the family and Mrs. Thos. Farley.

### BENT HER DOUBLE.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at Mt. Vernon Drug Co.; price 50c.

At Cheyebogan, Mich., is the largest sawdust pile in the world, and strangers often walk out to gaze with astonishment at its proportions. It is a veritable hill, 1,080 feet long, 875 wide, 562 1/2 in circumference, ranges from 20 to 50 feet in height, and covers 12 acres of ground. It is the accumulation of one lumber company since 1877. Early in its history the company tried to burn the pile, but the outside only would burn, the flames refused to penetrate the closely packed interior.

### THE DIAMOND CURE.

The latest news from Paris, is that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn: "I had a cough, for fourteen years. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for throat and lung troubles. At Mt. Vernon Drug Co.'s drugstore; price 50c and \$1, guaranteed. Trial bottles free.

Mr. Carnegie says that "wealth cannot purchase happiness." He does not act much like a misanthrope though.

## A BARGAIN SALE -AT- CHERRY'S BARGAIN STORE.

BEGINNING JULY 8th, we will offer you the lowest priced goods you have ever had the opportunity of buying, at this season of the year. ### CHOLERA INFANTUM.

Child not expected to live from one hour to another, but cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Devery, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "I happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. In five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle, she was well." This remedy is sold by all druggists.

Senator Stone denounced Tom Lawson as a fake. Anybody going to contradict the gentleman from Missouri.

### SAYERS.

Miss Alzia Brown opened school Monday with thirty-three in attendance, out of thirty-eight pupils in our district. Who can beat that?--The writer opened school at Proctor Monday instead of Sayers, as had been intended--Born to the wife of J. P. Williams, a boy--Among those attending the Crab Orchard fair from this section last week were Messrs. Harvey Owens, Sam Sayers and your humble servant--Rev. Smith filled his regular appointment at Freedom Saturday and Sunday, also delivered an interesting sermon at our school house Sunday afternoon.

Walter Owens has returned from Louisville.--Mrs. W. H. Owens informs us that we are entirely mistaken about W. H. Owens being the merchant of our section, but

that it is she, instead, and that he would starve to death were it not for her.--Next Sunday is the singing, and I have been requested by the committee in charge to emphasize the fact that there will be no "free dinner" on the ground. The crowd will be so large that it could hardly be expected. So everybody bring a basket of dinner.--Don't forget our Teachers' Association meet to be held at Union school house the first Saturday in August. We cordially invite the teachers of the county to join with us in making it a success. I think we may safely promise all from a distance a good dinner.--News is scarce this week. To use a slang expression, there is "nothing doing."

The chief Russian peace envoy is said to be Witte. Senator Depeew ought to make an effort to meet him.

THE PINEVILLE HERALD, one of the strong Republican papers of the Eleventh, has this to say concerning those who are sometimes called "Turn-coats" because they refuse to support some certain man, set of men or certain principles, which are not at all in accord with their views: "Theoretically, a turn-coat in politics, as in everything else, is one of the despised of men. He secures the everlasting hatred of those whom he deserts and the bare distrustful toleration of those whom he favors. That is the doctrine preached by those who believe in parties and party alignments as being of first and utmost importance. That argument is a superficial one containing just enough truth to make it appear very weighty.

"In reality, the most dyed-in-the-wool politicians, the strictest partisans, the unwavering adherents to party lines are the real turn-coats in most cases. Politics is a game of base-tag between the reds and the blues. Each man has his own base and he who can steal, most rapidly, "change bases," by robbing the other side, is the best player.

"The constructive statesmen, who, like Blaine, Cleveland, Johnson and Roosevelt, have a set theory of government and an inviolable policy of enforcing it, who leave parties and party leaders to fluctuate and change bases while they steadfastly follow their course, are the true men. Each of these men have been accounted turn-coats, because they refuse to turn. The politician jumps from principle to principle that he may keep in party lines. The statesman seems to go back and forth in party lines but he ever adheres to the same principle.

"In municipal and county elections there are and can be no reason for drawing the old party lines. In electing a sheriff or County Superintendent of Schools or any other county officer, what does it matter which national party the candidate belonged to. Locally there is always a more important issue. There are two parties in Bell county. The one believes in strictly enforcing the laws without fear or favor, the other favors lax laws with as little enforcement as they can possibly get along with.

"\* \* \* "Bell county is one of the most attractive counties in this great State if we can so far rise above partisanship as to make it such. Non-partisan tickets mean a non-partisan administration."

JUDGE FAULKNER, in his charge to the grand jury of Knox county, sprung a surprise by his instructions regarding elections, saying that if there was a man on the jury who had bought votes in an election in Knox county let him stand aside. He also charged that the law had been grossly violated in the past, but that it was his intention to enforce the law as he understood it. Give us more judges like Faulkner and we will not have so much rottenness in our elections. Men, who at heart are for law and order and have the courage to put their stamp of disapproval on vice.

## POLITICS AND POLITICIANS

Daniel Lamont, who was Secretary of War under President Cleveland, died at Millbrook, N. Y., his country residence, after a brief illness.

President Roosevelt has sent his autograph photograph to the German singing societies of Louisville in remembrance of his visit there on April 4.

Of the new Secretary of State, President Roosevelt has this to say: "Elihu Root is the ablest man I have known in our government service. I will go further. He is the greatest man that has appeared in the public life of any country, in any position, on either side of the ocean, in my time."

Hon. Herbert B. Kingsolving, of Montgomery county, will be a candidate to represent the 10th Congressional Democracy in the next Congress. Mr. Kingsolving is a brother-in-law of Dr. Percy Benton, of Brodhead, this county.

Two men were arrested at Little Rock on the charge of bribery and attempted bribery of members of the grand jury which has been investigating corruption in the Legislature at its last sitting. In its report the grand jury points to crookedness in primary elections as the source of the corruption that makes hoodling prevalent.

Gov. Higgins, of New York, sent a message to the Legislature advising an overhauling of the insurance laws of the State, with a view to the prevention of evils in the business such as revealed by the scandals in the management of the Equitable. He did not recommend a legislative investigation, and a joint committee was appointed for that purpose.

Charges have been lodged with Auditor Hager by the Sheriff of Clark county against State Revenue Agent A. M. Harrison, of Lexington, in regard to the method pursued in the settlement of a tax claim. The Governor has ordered an investigation of the charges, and Auditor Hager, in consequence of the charges, and the fact that the Revenue Agent's bond was not renewed, has declared the office vacant. The Auditor, in a statement, condemns the methods employed by many Revenue Agents throughout the State in filing indiscriminate suits against alleged delinquent tax-payers, and also disapproves the loose and irregular methods employed in settling them.

Complete occupation of the island of Sakhalin by the Japanese is conceded both in newspaper comment and in government circles in St. Petersburg. There is a difference of opinion as to the effect it will have on the negotiations at Washington, some of the irreconcilables declaring that it makes peace at the present juncture more difficult than ever before. Washington dispatches say that Japan will not consent to China's request to be represented at the peace conference but Russia is inclined to favor it. It is considered unlikely that China's claim will be pressed by the Washington Government.

The alleged new report of the Department of Agriculture on the acreage of cotton was given to the public Wednesday. It is far from satisfactory to the representatives of the growers, who ridicule it, declaring that the department struck an average between the figures of the Cotton Growers' Association and that of the report made under the manipulation of Holmes. Of course, the department denies this, but the fact that the new figure given, as representing the reduction in acreage, as compared with last year, is the exact mathematical means between the two reports, is left unexplained, save on the ground of coincidence.

Edward Hammel, traveling salesman for a patent medicine company, who, having been convicted of smoking cigarettes at LaFayette, Ind., is serving a sentence of twenty-nine days in default of payment of a fine of \$25 and costs, assessed by Judge Foster, of Otterbein, will in all probability be compelled to serve the entire sentence. An attempt having been made to effect Hammel's release by habeas corpus proceedings, based upon recent court decision holding unconstitutional that part of the law which refers to the smoker, Judge Rabb, of Fowler, held that the prisoner's only means of obtaining relief was by appeal. Hammel's sentence will have expired before an appeal can be heard.

New York capitalists are preparing to drill five deep oil wells in Knox county, which will be located in the Richland field. It is understood that they will be drilled more than 2,000 feet in order to thoroughly test the entire field. This is something that has never been done in that county. Contracts have been let and the first rig is under course of construction.

Members of the Mullins and Fleming factions of Pike county, waged a bitter war Wednesday, with the result that Sol Mullins was fatally wounded in the first onslaught. Later in the day the Mullins crowd made an attack upon Sol Fleming at the home of Jeff Fleming, and when the firing cleared Jeff Fleming had a bullet in his left thigh. It is reported that another Mullins was shot, but with what result is not known. Robert Mullins, the leader of his faction, was taken into custody, together with four members of the family. Sol Fleming secured a bountiful supply of ammunition and fled to the mountains. Officers are scouting the mountains in an effort to capture him.

## ROCKCASTLE Real Estate Co.

MT. VERNON, KY.

[All farms etc., advertised under this head, will be advertised and sold on a per cent, and if no sale is made, no cost for advertising.]

FARM No. 1.—This farm of 317 acres, located on Negro creek, near Brodhead, Ky., is one of the best farms in the county and will be sold at a bargain, the owner being unable to properly look after same, because of his health. The entire farm is under fence, 170 acres in cultivation, balance timbered, three houses on farm, good wells and springs, and plenty of good stock water. Also good orchard.

FARM No. 2.—Consists of 300 acres, which will be sold in two separate tracts if desired. This farm is located on the Mt. Vernon and Somerset road, near Level Green, Ky., and is located in the best farming section of the county. Well fenced, 175 acres in cultivation, balance timbered, well watered, one new two-story building and two tenant houses, convenient to school, church, store and postoffice and in one of the best communities in the county. A great bargain.

FARM No. 3.—A farm of 185 acres located near Moreburg, and a very desirable farm, 140 acres under fence and in cultivation, balance, 40 acres timber. Good houses, never-falling spring and well, splendid orchard, close to school house, church and post office. A most desirable location and a splendid bargain. Any one wishing a small farm can buy a 70 acre tract off of this farm, but no buildings would be included on the 70-acre tract if a division is made.

FARM No. 4.—130 acres near Brodhead, well fenced, plenty good water, good orchard. Plenty timber to run farm, good residence and one tenant house. Can be bought for \$550.00. A great bargain.

FARM No. 5.—80 acres of land between Brink creek and Orlando. 20 acres in cultivation balance timbered, two houses and well watered. Will sell cheap.

TOWN PROPERTY.—A desirable piece of town property, located in Mt. Vernon. Two story house, four good lots and 8 acres of pasture, to go at a bargain. Property will be divided up and sold in any way to suit buyer. A real bargain for anyone desiring property in Mt. Vernon.

ONE DOLLAR SAVED REPRESENTS TEN DOLLARS EARNED.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all druggists.

## PERSONAL

Mrs. Laura Proctor was over from Wildie yesterday shopping. Dr. McDonald was here Wednesday in the interest of the school.

Mrs. H. J. Mullins spent several days with her daughter, Mrs. U. G. Baker.

Miss Lucy Thomas, of Glencoe, is visiting her sister, Mrs. M. L. Myers.

E. T. Wheeler left Monday for Shawnee Town, Ill., to be gone several weeks.

T. A. Stewart is attending a house party at Houstonville and taking in the fair.

Walter Mullins went to Crab Orchard to assist the band boys there, in making music for the Massons.

Mrs. J. C. Rinehart stopped for a night with relatives here on her return home from the Crab Orchard fair.

J. E. Houk went to Crab Orchard Tuesday to be present at the laying of the corner-stone of the new Masonic hall.

Eugene Mullins writes us from Pagosa Springs, Colo., that his weight is 142 pounds and that he is almost himself again.

T. G. (Opp) Taylor, who left this county fifteen years ago and moved to Green county, was here this week mixing with old friends.

Mrs. W. F. McLaughlin, who use to be Miss Alice Lewis, writes from Portland, Ore., that the Lewis and Clark Exposition is a great success.

Dispatcher and Mrs. W. T. Mettner, with their three bright and attractive children, passed through Tuesday en route to Dripping Springs to spend about ten days.

We regret very much to learn that our good friend and townsman, W. T. Brooks, has decided to move his family to Broadhead. We dislike to give up such good citizens.

Mr. J. C. McClary, the Stanford undertaker passed through Friday afternoon to Livingston to enshrine the body of Mr. John Carter, father of engineer, John R. Carter, who died Friday morning.

Mr. H. C. Rice, of Livingston, was a passenger on Saturday's Southbound train. He had been to Lebanon after his son, Walter Rice, who fell from his train and received several cuts on his face.—Interior Journal.

The Big Hill Coal Co. will resume operations about Sept. 1st.

There will be services at the Presbyterian church Sunday evening.

J. J. Smith was made executor of the estate of A. K. McClary, deceased.

K. J. Smith has purchased a new and one of the latest improved hay-bailers and will start at once on a circuit over the county.

LOST.—Between Mt. Vernon and Livingston, a ladies' gray cloak. Please return to F. L. Thompson, Mt. Vernon, Ky. and receive reward. Resp.

J. C. RINEHART.

A large crowd attended the laying of the corner-stone of the new Masonic hall at Crab Orchard, Tuesday. Music was furnished by the Crab Orchard Band.

Some people, who claim themselves good, honest citizens, seem to think that it is perfectly all right to beat their newspaper account. An honest man always pays all his bills.

Miss Margaret Fish celebrated her fourteenth anniversary last evening. There were thirty one of the young people present and several nice presents were presented. Time and space will not permit of a more complete account.

Mr. Wheeler, the manager of the bundle factory, informs us that he has been able to secure satisfactory freight rates and will have large quantities of hickory shipped in from stations along the line, in this and Laurel counties.

Jailer J. W. Parsons has purchased of Marshall Smith, his old home place on which he lived at the time he was elected jailer. He also bought the gristmill and stock of general merchandise belonging to Smith & Fish. Mr. Parsons expects to move to the farm as soon as his term of office expires, which will be Jan. 1st.

There are about 325 Kentucky editors, including their wives and sisters, at the Crab Orchard Springs this week, attending the annual meeting of the Kentucky Press Association. The usual junket, was abandoned and a week of real rest and enjoyment is being had. Proprietor J. B. Willis, assisted by Mr. C. E. Wood, of Richmond, has made every effort possible to furnish the newspaper boys, a week of real pleasure. Interesting programs were arranged for each day.

BROWN MEMORIAL SCHOOL.

Opens September 11, 1905. College Preparatory, Normal, Model School, Cooking and Sewing Courses. Trained and experienced teachers, holding degrees from some of the best universities and colleges in the country. Accommodations for twenty girls at the new dormitory. Terms within reach of all.

For circulars, address: IDA M. TAYLOR, Principal, Mt. Vernon, Ky.

The following clipped from an exchange, contains some stubborn facts that can not be denied: A town that never has anything to do in a public way is on the way to the cemetery. Any citizen who will do nothing for his town, furnishes the coffin. The man who is so selfish as to have no time from business to give to city affairs is making the shroud. The man who will not advertise is driving the hearse. The man who is always pulling back from any public enterprise, throws bouquets on the grave. The man who is so stingy and selfish as to be howling hard times, preaches the funeral sermon and sing the doxology, and thus the town lies buried, free from all sorrow and care.

The singing convention will meet at Broughton-Hamm & Sayers mill Sunday July 30th at 9 a. m. instead of 10, as first stated. We have two more classes entered making a total of 9 choirs.

1st. On program will be a song by male voices only. "We Praise The O God."

2nd. Devotional exercises, by Revs. J. A. Sayers and Thomas Smith.

3rd. Address of welcome, by W. H. Owens. Response by Rev. Pike, after which the classes will sing alternately during the day with an occasional address, etc., all speeches limited to 10 minutes. Everybody must prepare and bring their dinners. There will be no free for all dinner on the grounds.

W. A. Owens, Jacob Elder, A. R. Albright, Com Granville Owens,

Don't fail to attend the Broadhead Fair, Aug. 16, 17, and 18.

Dr. Myers, dentist, will be in his office at Broadhead Monday and Tuesday and each week thereafter.

NOTICE.—All parties indebted to me are earnestly requested to settle same by August 25.

J. A. WOOD, Orlando, Ky.

## BROADHEAD.

Mr. J. H. Dunn and sister, Miss Ella, are on the sick list.—Mr. and Mrs. M. B. Salin, of New Hope, were guests of Mr. and Mrs. J. W. Hutcheson last Sunday.—Mrs. J. H. R. Wilhoit will leave Sunday to accept a job breaking out of Lebanon Junction on this division of the L. & N.—Jno. E. Evans left Thursday for a three weeks' trip drumming. He represents Floyd & Bohr Co., of Louisville.—Fair! Fair! Fair! Aug. 16, 17 and 18.

## LEVEL GREEN

The recent wind storm damaged corn a bit. So much rain has caused farmers to be badly behind with their work.—T. S. Ham, of Jessamine county, bought from Wm. Nicely of Hanford, five yearling and two-year-old mules at \$65.—J. M. Cress bought from Dr. T. J. Price one pair of three-year-old mare mules for \$230. He also bought from Harve Poynter, at Dallas, Pulaski county, one pair of extra good two-year-olds for \$270.—Charlie Cummins bought several hogs in Pulaski at 3 1/2 c.—Wm. H. Brown and H. C. Broughton are on the puny list.—O. H. Brown son of Wm. H. Brown, who left here more than three years ago and went to Missouri, is now located at University, Neb. He seems well pleased with his Western home.—Wade Mullins was in Lancaster Sunday.—J. B. Cummins will teach the school at this place.—The scheme to establish a ten-months' school here proved to be merely the combustion of a surplus amount of hot air.—The project for a singing contest to be held at Sayers, next Sunday, is receiving a great deal of interest by the people of this part, especially the young.

Probably no other of the West Indian islands has had such a checkered career as Santa Cruz. In turn it has belonged to Spain, which abandoned it; to England and Holland jointly; to England alone; to Spain again, which fell upon the colonists and destroyed or deported them all; to France, which took it from Spain to the Knights of Malta, who received it as a gift from France; to a private company of adventurers. Then it was resumed possession of by France, but abandoned, so that in 1720 it was uninhabited. Then it became a no-man's land until 1637, when France took it again, and presently sold it to a Danish company, which sold it in turn to the king of Denmark. In 1801 England took it once more, gave it back to Denmark, repented and took it away again in a few months, held it for eight years and then returned it to Denmark, which holds it still.—Ex.

## LAND, STOCK AND CROP

Young stock gain faster to the amount of feed than older stock. The same feed will make more pounds in the yearling than in the two-year-old, and so on. Hence, if one wishes to get the highest possible price for his feed, he should give it to calves and yearlings—let others feed the three and four year-olds.—Ex.

The following telegram from Washington will be of interest to shippers in this community: "The Department of Agriculture has collected evidence against several railroad companies doing business in Kentucky, with a view to bringing prosecutions for violation of the law requiring live stock to be fed, watered and rested in transit. The evidence has been gathered secretly by the inspectors of the Bureau of Animal Industry. It will be turned over to the Department of Justice, which has charge of the machinery of federal indictments and prosecutions. The law provides that the suits shall be brought where the offending corporation resides—that is, at its legal residence. The penalty is from \$100 to \$500 fine for each shipment made in violation of statute. The Department of Agriculture will submit to the Attorney General such specific recommendations as it may deem proper. Where there are extenuating circumstances leniency will be recommended, but in the cases of old offenders, the Department of Justice will be asked to prosecute to the limit.

## IN THE STATE

The Comptroller of the Currency has approved the conversion of the Citizens' Bank, of London, Ky., into a Second National Bank of London, with \$25,000 capital.

The corner-stone of the new Kentucky Wesleyan College building, at Winchester, was laid Monday. Bishop Chandler, of Georgia, delivered the principal address.

Inspector Henry A. Hines, in a report made to Gov. Beckham on information furnished by Floyd of the Swann Day Lumber Company, sets forth that A. M. Harrison, revenue agent for the State at-large, mulcted that concern out of \$1,520. This money, it is alleged, was paid to Edward Oler, of Lexington, who claimed to be acting as the agent of Harrison. Inspector Hines is working up other alleged cases, and it is said that developments involving one of the most prominent men in the State may be shortly expected.

Paducah has a "hoax" case in court which promises to be extremely interesting. A man had a mare worth \$800. She injured herself in a way that it was decided to kill her. The owner hired a negro to take her to the country and kill. The negro sold her for \$2 and came back and reported that he had killed her and was paid \$2 for the job. The former owner has discovered his mare which is in fine condition and again worth money, her purchaser having cured her. He demands possession and damages for her detention. The present owner denies the claim of the former owner, but asks \$500 for the trouble and expense of caring for her.

## Ayer's

Losing your hair? Coming out of the comb? And doing nothing? No sense in that! Why don't you use Ayer's Hair Vigor and promptly stop the falling? Your hair will begin to grow, too, and all dandruff will disappear. Could you reasonably expect anything better?

Ayer's Hair Vigor is a great success with me. My hair was falling out very badly, but the Hair Vigor stopped it and now my hair is all right.—W. C. LOUGHRAN, Lindsay, Cal. \$1.00 a bottle. All druggists. J. C. AYER & CO., Lowell, Mass.

### Passed Stone and Gravel With Excruciating Pains

A. H. Thomas, Mgr. Wills Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pains. Other medicines only gave relief. After taking FOLEY'S KIDNEY CURE the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me \$1,000 worth of good."

### No Other Remedy Can Compare With It

Thos. W. Carter, of Ashboro, N. C., had Kidney Trouble and one bottle of FOLEY'S KIDNEY CURE effected a perfect cure, and he says there is no remedy that will compare with it.

### Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete much instead of the juices of natural digestion. This is called Catarrh of the Stomach.

### Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

### A special from Portsmouth, N. H., dated July 22nd, says:

"Hundreds of visitors came here today to witness, with the people of this city and its vicinity, the culmination of an engineering project which has been under way for the last three years and which has attracted the attention of experts both in this country and abroad. It was the removal of Henderson's point, a ledge some three acres in extent, from the Piscataqua river bed by exploding simultaneously about 400 charges of dynamite, aggregating at least forty-five tons, in the rock beneath the water."

"The hour scheduled for the discharge of the dynamite is 4 p. m. It was arranged that by the moving of a switch at a safe distance from the ledge, a spark should be sent into contact with the dynamite. The explosion resulting was expected to shatter the mass of rock and thereby to widen and deepen the waterway leading to the dry dock recently completed by the Government at the United States navy yard on Seavey's Island."

"The contract price of the undertaking was \$749,000. The expense was covered by a Government appropriation, in connection with the bill authorizing the construction of the big dry dock at the navy yard. It is understood that the charge of forty-five tons of dynamite is the largest ever exploded at one time in this country."

"Henderson's Point is a solid ledge, of horseshoe shape, 400 feet wide at the base and jutting out into the river about 300 feet. Around it have swirled unnumbered currents and a tide which has been the dread of all mariners. The swift waters have worn a channel ninety feet deep in solid rock around the end of the point, but the force of the cross currents has been a menace, especially to the development of the navy yard. With the establishment of the great dry dock, its removal became imperative. Its destruction will give an approach 1,000 feet wide and a depth of water ample for the greatest ships in the world to Portsmouth and the navy yard."

Sugar is cheaper in Denmark, where it is 5 cents per pound, as compared with 5 1/2 cents in Great Britain.

Dr. Yung Wing of Hartford, Ct., was the first Oriental who was ever graduated from an American college. He took his degree at Yale in the class of 1834. In 1876 he was the Chinese minister to the United States. Dr. Yung Wing is in his 76th year, but is still in good health, and his intellectuality is as bright as in his younger days. He has a host of friends in Washington.

According to a writer, the American Rhodes scholars at Oxford present an interesting contrast to their English fellow-students. As to their relative scholarship, he found the Englishmen to be much better informed of the two, though on fewer subjects. They were much more thorough classicists, much better read in all literatures and in the newspapers. The American students had pursued more subjects, science especially, but, as a rule, had not gone deep enough into anything to get a firm hold on it.

Deaver will claim the distinction of owning the biggest American

flag in the world. It will be used for the G. A. R. encampment. It will be 115 feet long and 35 feet deep. The union field will be 28 by 35 feet and the stripes will be 4 feet 2 inches wide. The stars will be 2 feet high, and in its making 1,450 yards of bunting are to be used. The flag's weight of 450 pounds prevents it being swung from a pole or hung from a cable between buildings, so it has been arranged to spread it across the front of a five-story building on Sixteen h street.

It is difficult to get access to the government's historical documents and papers in Washington, and they who do get access to them are always accompanied as they make their consultations by a guide. H. Clay Evans said recently that a big percentage of the government's documents have been robbed of their signatures. The signatures, if of value, have been cut out by thieves. Hundreds of the signatures of Washington, Hamilton, Burr, Lincoln, Jefferson, etc., have been stolen from government documents.

For a number of years the question of the probable duration of the available coal supplies in Great Britain has been seriously discussed, and the matter has been referred to a royal commission for investigation and report. Taking 4,000 feet as the practical working depth limit, the investigators find that the proved coal fields of Great Britain still contain about 100,000,000,000 tons of coal, of which about 80 per cent. is in seams of two feet thick and upward. The average annual output at the present time is about 230,000,000 tons.

# EXCURSIONS TO THE WEST

To the Pacific Coast—to California, Oregon, Washington—round-trip, long transit and return limits, liberal stop-over privileges.

The rate is practically on the basis of one fare for the round trip. Of course, if you wish to visit both California and Oregon or Washington, the cost is slightly more.

These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service. The Rock Island also affords a choice of routes: on the "Scenic" route you can stop off in Colorado—see Salt Lake City—visit Yellowstone National Park; on the "Southern" route you can go via El Paso, thru New Mexico, then "up coast" to San Francisco and on to Portland or Seattle if desired.

In short, these Pacific Coast excursions offer an unusually good chance to see our western country in a comprehensive manner.

If you desire to go only as far as Colorado, there are excursion rates in effect to that section and return, all summer long, specially reduced June 30 to July 4, August 12 and 13, and August 30 to September 4. Extension trips to Ogden or Salt Lake and return at low cost also.

From September 15 to October 31, 1905, one-way tourist or "colonist" tickets will be on sale to California and the Pacific Northwest—about half regular fare.

If interested, send name and address on this coupon, designating which booklet wanted and to what point you plan to go. Name probable date of start also, so we can advise definitely with respect to rates, etc.
